Crescent Wiss Tradesman Snips

Made for pros. Made to last.

Professionals know the difference quality makes. That's why they consistently choose Crescent Wiss, the market leading brand for aviation snips. Our new Tradesman snips have precision-cast black oxide coated blades for clean cuts and long life. Tested to deliver over a half-million cuts ... ten times the life of the competition and enough to complete over 700 residential HVAC system installs. Made to last in the USA.

Black Oxide Coated Blades

For added corrosion resistance yielding years of clean cuts

Precision-Cut Edges

Feature durable serrations that spread cutting force across jaw, improving cut quality and tool life

Upgraded Handle Design

Features built-in stops that provide consistent jaw opening and easy operation

Integrated Handle Ring

For hanging or easy storage

Ergonomic Latch

For fast, single-handed operation with either hand

**CORROSION

**10X
CUT LIFE**

**HALF A
MILLION
CUTS**

Optimized Two-Shot Color-Coded Grips

Provide excellent control and easy cleaning

We make ‘em just like we used to... only better.

1940s

Wiss compound action “aviation snips,” like these from the late 1940s, were a key tool for cutting aircraft sheet metal during WWII and became best sellers after the war ended.

1990s

By the 1990s, Wiss aviation snips featured their iconic yellow, red, and green comfort grips, improved blades, a stronger spring, and new pivot geometry.

Today

Still made in the USA, Crescent Wiss Tradesman Snips are redesigned for better ergonomics and even more durability. They’re the best performing snips we’ve ever made.

Item No	Description	Cut Length	Shelf Pack Quantity	UPC	Product Package Dimensions	Product Weight
M1P	Tradesman Aviation Left Cut	1.375"	6	037103345936	11.4" L x 3.15" W x 1.1" H	0.94 lbs.
